Daily Intelligence.
BELLEVILLE, THURSDAY APRIL 6
A POLICY OF INACTION.

The programme of the Ontario Government, as set forth in the speech delivered at the opening of the session, is as length without substance. A few important measures are announced, but nothing is promised as to the important interests which required to be legislated for, or the abuses which ought to be reformed.

It is evidently the intention to have a short session, to deal with such subjects only as will not be productive of much controversy, and then to go to the country.

"A Reform party with nothing to reform," says Mr. O. Mowat, is the only party that has been formed, beyond running along in the old way, is evidently contented by themselves to be at an end. We look to the people to displace them in favor of men who will do something more in effect than draw their pay."

WHAT SEER THEY HAVE!

When Messrs. Elgin Myers and S. R. Clarke, who are to address a public meeting in the open house to-night, on the subject of "Confidential Union," better acquainted with the opinions and sentiments of the people of Belleville, they would not have made the engagement.

Without further discussing the project of which they are the sponsors, it has already been discussed in these columns, and characterized as it deserves, namely as "a failed treason," let us ask them what they hope to accomplish here? To convert the people of Belleville or any other place to the idea of a "confidential union"? The undertaking is as ridiculous as Don Quixote's attack on the windmill. They will discover for themselves to-night, and as the same time we assure the people of this district of the latest form of treason, that their valor is more to be admired than their discretion.

The Greatest Evil.

One of the greatest evils ever made in the medical line for the cure of scald, dandruff, is now getting introduced into this country, and placed on sale by the drug trade. There is nothing new about it, but it is a very old remedy, and many remedies have been offered from time to time to stop this evil, but without effect.

A specialist—one of the world's greatest specialists and specialists in scalp diseases—of Vienna, Austria, has been successful in discovering Dandruff, which is now on sale everywhere. Dandruff cures work quick and sure, and take the same time to cure as any other remedy for it, and when you get it tell your friends, that all may know how successful it works.

Trapping of Muskrats.

By an amendment of the law last session, the open season for trapping muskrat was limited from 1st Nov. to 1st April, instead of 1st May, as previously. There have been much complaints about this alteration, and it is intended that the open season shall be changed back to 1st May, and probably it was by inadvertence that the old season was altered. It is understood that circulars have been sent out from the chief wardens' office to the deputy wardens not to prosecute or take game during the present month of April if any trapping of muskrat should be taken place, but that this does not apply to shooting or using guns in the taking of muskrat.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion. God lives! and the most desperate cases of consumption. When all other remedies have failed, Miller's Emulsion has been successful. It is the best kind of a fish and blood maker, and has been used with marked success by the physicians to the insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Quebec. In big bottles, 50c, and 81, at all drug stores.

A Feathered Murderer.

Mr. Jacob Penit, the veteran shooting editor of Shooting and Fishing, writing of a rook blackbird (purple grackle). "Despite the gorge-ousness of its plumage, this bird is a bird I thoroughly dislike. It may be an insect destroyer, but he will never take a worm fly by any chance, but a blade of corn to be pulled, or the nest of a smaller bird to be deplored of its eggs. There is no protection under the law for a feathered murderer. By lessening the numbers of such parasites there will be a large increase of insectivorous birds, which are deplored by them of both eggs and young."

Correspondence.

What a correspondent will be accorded upon the expression of these ideas on public interests, it must be in all cases understood that the views expressed are simply those of the correspondent themselves.

Football League.

It is the Editor of the Intelligencer.

Sir, I read with real pleasure a few days since an article in your respected paper, subtitled by "A summary of the game," on the formation of a football league in Belleville.

I am sure, if it was attempted it could be brought to a successful termination.

There is no city in Ontario that has so many players (proportionate to the size of the town), and so many enthusiastic of the game, and so many of the players of Belleville could not be found that could hold their own against any other in Ontario.

Hope that if it will be, in the earliest date to accomplish this result, I remain

A PLAYER.

A Cricketer Speaks.

To the Editor of the Intelligencer.

DEAR SIR, Since arriving in your city, I am surprised to find that you have no cricket club, but an even greater surprise to find that there is no team to form a very good one, and that you are in a position to do so.

This is a game that is progressing rapidly in the world, and it is one of the most popular games at present played. The last time I read in your paper that you had a membership of over 60, and the game was only then in its infancy. Now, it surprises me that such a sporting community we cannot boast of as good a team as any in Ontario.

Mr. Editor, I am sure that you are interested in this game, and I would be pleased to join and do it in my power. I am, Sir, your obedient servant.

Waiting for Resurrection—Dr. Talmage

Fashions a soft, Cool Boudoir out

BROOKLYN, April 2.—The Tabernacle was

AN UNLOOKED FOR RESULT.

Our good effect, although not looked for, seems likely to result from the agitation of the civil service question, namely a large increase in the assessment on income. Some rich money lenders, who have concealed the amount of their incomes for many years, will now be made to contribute a fair share to the public burden. As the French proverb has it, "It is always the unexpected that happens."

Surgente Court.

Letters of administration were granted in the estate of the late Mary Mullin, of the township of Tyndalton, to her sister, Bridget Mullin, executrix. Estate \$532. This was a case where diligence was rewarded. The administratrix who first applied got administration without contesting of equal claim. O'Flynn & Campbell, solicitors.

To the estate of the late Elizabeth Hayek, of Tweed, letters of administration have been granted to K. Hayek, her late husband. Estate \$1,000. E. G. Porter, solicitor.

In infant children of Elizabeth Hayek, letters of guardianship granted to K. Hayek. Estate \$1,000. E. G. Porter, solicitor.

Probate of the will of the late Thomas Henry Coyne, grain buyer, of Trenton, has been granted to J. H. Coyne, son of the deceased. Estate \$700. C. G. Porter, solicitor.

Probate has been granted in the will of the late Daniel Morgan, of Sidney township. Henry G. Thompson, executor. Estate \$6,800. Son to daughter, Mrs. Thurber. - F. S. Wallbridge, solicitor.

Thos. N. Doughty in Belleville. Mr. Thos. N. Doughty, a man of high temperance advocate, will begin a series of temperance meetings in the Queen's Opera house on Friday evening.

Mr. Doughty comes highly recommended by the press and public as a successful speaker in the temperance cause, and has been greeted with crowded houses everywhere. At Watertown last week people were turned away before he had time to make his address, so great was the crowd to see and hear him. He makes his meetings attractive with music and song, and there is not a dull moment while he is here. He is invited by the famous Canadian Jubilee Singers and Imperial Orchestra, and his special command sang before the Queen cordially invited. The public are cordially invited to the collection of 10 cents will be taken at the door to help pay the expenses.

The Greatest Evil. One of the greatest evils ever made to the medical line is the cure of scap disease and dandruff, in now getting reduced into this country, and placed on sale by the drug trade. There is nothing more easy than a scap cure, and nothing more disagreeable than to see a scap cure falling down on gentle coats or ladies' black dresses. Many remedies have been offered from time to time to stop this evil, but without effect.

A specialist—one of the world's greatest specialists and specialists in scalp diseases of Vienna, Austria, has been successful in discovering Dandruff, which is now on sale everywhere. Dandruff cures are quick and sure, and is at the same time most desirable for use. Ask your druggist, and when you get tell your friends that all may know how successful it works.

Military.

Saturday's Canada Gazette has the following: 15th Battalion, "Argyle Light Infantry," Belleville, O.—To be Captains: Charles J. A. Cunningham Denlop, Esquire, R.C.I. and W. H. Morris, resigned.

Special Mention.

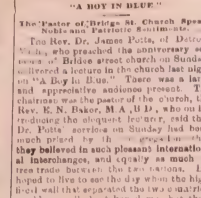

DO NOT DESPAIR OF CURING YOUR sick headache when you can so easily regulate your system with the Little Liver Pills. They will cure a prompt and permanent cure. Their action is mild and natural.

THE ACTION OF CARTER'S LITTLE LIVER PILLS is pleasant, mild and natural. They gently stimulate the liver, regulate the bowels, but do not purge. They are sure to please. Try them.

Gives Strength and Appetite. DEAR SIR,—Last year I was very thin and red-faced, owing to a bad state of my blood and appetite. I had tried almost every medicine I could get, but I had not been able to get a bottle of B. B. E. which I obtained immediately perceptible relief from. I have gained strength and appetite, and now weigh 193 pounds.

GREAT SACRIFICE SALE OF THE BANKRUPT STOCK OF CLOTHING

A wholesale manufacturer's stock bought at 57c. on the dollar to be slaughtered. We have always got our argus eye open for these snaps, and now never in Canada has such a chance been offered to secure a suit so cheap, and other dealers should take advantage of it, as we are going to sell them away below wholesale prices. Remember this is no humbug and will create the biggest sensation among clothing men, Belleville has ever experienced. Read the list:—

1,000	Children's 2 piece suits for 75c. worth \$3.00.
1,000	Boys' 3 " " " \$1.50 " 4.50.
1,500	Youth's " " " \$2.50 " 5.00.
1,200	Men's " " " \$2.75 " 8.00.

Stacks of men's and boy's knock-about hats for 20c. each. Sold all over for 50c. 3, 40c ties for 25c. Remember only 25c for the \$120c worth; 2 pairs of socks 5c; braces 10c; in a word a stock of \$30,000 at prices that have no parallel in Canada. Parents and heads of families should make their purchases from Gough, because he buys cheaper and sells cheaper than any man on earth, and cheerfully refunds the money if goods are not as represented. Patronize the man who puts down the prices and keeps them down. Remember we ask no favors, our benefit is your benefit.

The Wonderful Cheap Man,

554 Front Street, Belleville.

TRADE

was good on Saturday. Sellers are counting up, and we have a fine trade in it. Selling for half a century these goods from reliable makers only has done it.

It's a pity so much rubbish in spoons are in the market. In the regular course of trade it's simply impossible to get a good spoon for less than \$1.25 to \$2 a doz. for the reason that the maker can't furnish them for that. So many dealers in these goods, who have no knowledge of them, are responsible for this "cheat first" spoon as many housekeepers find they have got after only one or two years' use.

BELLEVOILLE, MONDAY, APRIL 17.

RITORIAL BRIEVITIES

The Ontario Government has been gradually drifting away from the temperance party, owing to the "soft" side of its own members. Let the Ontario Government be as an advocate of the good cause, but for party reasons be like the Irishman, a temperance man, but not a bigoted one.

It is amusing to watch the members of the Ontario cabinet working themselves into a perspiration to prove the great prosperity of the Province, and yet in the same breath were speaking on Federal matters, blue ruin would be staring us in the face.

A circular has been issued to license inspectors by the Ontario Government, to see that proper sanitary regulations are carried out on the premises of all applicants for food and drug licenses. It is for all applicants, for the candidates of the Mowat Government.

There will be no home rule resolutions from the Ontario Government this session. An expression might be given on the Manitoba school question, only for the practical and too near home to venture on.

The Griggs success in Vanclough in the Province of Quebec was largely owing to the stand Mr. Laurier took on the Manitoba school question, blaming the Dominion Government for not setting aside the legislation of the local government in abolishing separate schools. Why not practical and too near home to venture on.

Mortgages on farms in the United States, according to the statistics of the census bureau at Washington, have increased in the western States 156 per cent. in 10 years, farms being mortgaged for more than half their assessed value. The friends of our agriculturalists who are in the States, and are doing so well, must be money lenders.

An interesting report has been asked from the Ontario Cabinet by Mr. Ryerson in connection with the late election held in Toronto. In some polling booths only 3, 2 and one vote were cast, while in one or two others actually more than 500 votes were cast. When we bear in mind that it required three officials to look after each polling place, it seems that the Mowat Government are rivaling the San Domingo Republic, the army of which consists of 60 per cent. officers.

The fear of injuring the Mowat Government prevents a "vigorous" opposition to the Conservatives at Ottawa, and then again they are handicapped by a French Canadian leader. But many of them are prepared to send Laurier off to the States to obtain power. In plain words, when they get possession of the ship, send the captain from the yard-arm. And yet, when the convention meets at Ottawa next June, the country will be told what an unkind and Liberal party they are.

The example which the loyalty of Belleville set in their treatment of the apostles of annexation, has been followed in St. Catharines, with excellent effect. If no other men than Myers and Clarke can be induced to publicly advocate "continentalism," the annexationists may well pay to be saved from their friends.

In the Toronto News list of gentlemen "formerly Conservatives," who attended the McCarby meeting at Toronto, is given the name of the Rev. Dr. Carman. The Rev. gentleman will smile when he reads the statement; for at no time in his career was he other than an "intimate" Reformer.

My Toothache. Is an excruciating kind every hour in the day. Toothache is the most common ailment of young and old. In the aggregate it afflicts more suffering than any other single complaint. A one minute cure is just what every person desires. Dr. Williams' Pink Pills for Pale People is the most reliable remedy for toothache and all nerve pains. It is sold in bottles of 10c and 25c. Sold everywhere.

N. O. Need Pay You. If you find that your treatment without having tried that celebrated cure, now being talked about by everyone, and known as "Miller's Emulsion of Cod Liver Oil," you are not entitled to any pay. If you want to stay with your friends in the fish, do not let us hear pay by without the least drop of money for "Miller's Emulsion of Cod Liver Oil." Read about the wonderful cure it has wrought in the electrical age of wonders, and this Emulsion is the product of the latest research in science. In bottles, 50c and \$1.00, at all Drug Stores.

A Good Sale. William S. Hobbs, of the late November put in the pen ten small pigs, and during the winter and spring fed 70 bushels of ground barley. In April he sold nine of them to Alfred Hobbs for \$100, which deducts \$15 of the pigs, and one pig worth \$10.

A tea-kettle

of hot water

Gives enough hot water

to do the entire wash when

SURPRISE SOAP is used.

There's no wash boiler

required.

There's none of that hot

steam about the house on wash day.

This is a simple easy way of washing the clothes

without boiling or scalding them. It gives the sweetest,

cleanest clothes, and the whitest.

SURPRISE SOAP does it.

FIGHTING OVER HOME RULE.

SERIOUS FACIATION FIGHTS IN BELFAST.

The Military killed out and the State
Dispersed by Heavy Cavalry—Anti-
Home Rule Hold a Demonstration
in London.

LONDON, April 24.—The news of the
divisions in the House of Commons on
the second reading of the Irish Home Rule
bill was received in Belfast early Sat-
urday morning. Nationalists and Union-
ists were both excited and the streets
were filled with a demonstration of
the former.

At the meeting the "Nationalist" was
thoroughly demoralized, and it was
evident that the party of gold and silver
must be maintained, and that the Govern-
ment must meet them in the clearing
house for a conference on 27th inst.

The Government practically decided among
the bankers that they would accept
gold to the Treasury without an invitation,
and even then not a large amount of
gold.

It was understood that Secretary Carleton
will come to New York Tuesday or Wed-
nesday and that a conference between him
and the bank president will be held on
Wednesday.

THE U.S. MONETARY CRISIS.

New York Bankers Confer With American

President Carleton.—There was a long
and mysterious conference between the
bank presidents of New York and Wash-
ington, and the American President, Carleton
N. Jordan, at the clearing house
yesterday afternoon. The meeting lasted
an hour.

After it was over it was learned from
one who was present that Henry W. Taft,
president of the Chase National Bank,
and his associates were the main actors in
the previous night and had gone to Wash-
ington as an emissary from the bankers here
to President Carleton.

A Cure For Coughs.

There is no remedy that cures as large

a percentage of coughs as Dr. Wood's
Way No. 10. In nearly every case of
cough, cold, asthma, bronchitis, whooping
cough, etc., its curative effects are
prompt and lasting.

Over 200,000 bottles in London are now
filled with this medicine.

Discontinue Coughs.—I was troubled with
coughs for about four years. I noticed an
advertisement for Haddock Blood Bitters,
so I started to use it and soon found out
that there was nothing to equal it. It
took but three bottles to effect a perfect
cure in my case.

Patronize the man who puts down the prices and keeps them down. Remember we ask no favors, our benefit is your benefit.

THE BLUE JACKETS ASHORE.

THE GREAT LAND PARADE AT NEW YORK YESTERDAY.

The British Marines Marched With Precision and Made a Very Favorable Impression—Cheered at the Reviewing Stand and at Every Corner.

New York, April 29.—Ten o'clock was the hour for forming the line of the land parade, and the formation was on Fifth second street from the west where they were heading towards Fifth avenue.

The proceedings of the day were managed by the committee of Marine Square and the City Hall Park. From these stands the admirals and officers of the vessels in the river and other invited guests witnessed the parade. Hundreds of private citizens had been erected all along Broadway from the avenue and forty-second street, and windows, balconies and roof-tops.

The parade was a most successful one, and the British Marines were well received by the crowd. The parade was a most successful one, and the British Marines were well received by the crowd.
